Dear All , according to the reforming of the Ukrainian Forestry sector the consolidation of state forest enterprises is implemented. Following the State Forest Agency web-site (<https://forest.gov.ua/agentstvo/perelik-pidpriyemstv-shcho-pidlyagayut-ukrupnennyyu-v-ramkah-reformuvannya>) more then 100 state forest enterprises stop their activities, **lose their FSC certificates** and their territories are transferred to other forestries.

The transitional period is 2022.

Please take into the consideration, that this may influence the deliveries of the goods with FSC claims.
